Audience Testing

Tasks
- Sign up for an account with the Task Manager (use fake information)
- Add some widgets to your dashboard
- Remove some widgets from your dashboard
- Edit some content in widgets (notes, board title, list title, etc.)
- Recompose the dashboard to your liking (drag and drop)

Feedback
- What was your initial impression of this website
- Were you able to navigate your way around the site?
- If this were a complete web application, would you sign up and use it?
- What did you like?
- What did you not like?
- Do you have any other suggestions or comments?
